

底色型

画大边框，边框由四个三角形组成

```
width: 0;
height: 0;
border-left: 30rpx solid transparent;
border-right: 30rpx solid transparent;
border-top: 30rpx solid #333;
```

边框型

画大圆弧代替斜线

```
.triangle_box{
    position: absolute;
    top: -14px;
    left: 95px;
    .triangle{
        width: 20px;
        height: 15px;
        position: relative;
        background: white;
        overflow: hidden;
        .radiusborder1{
            position: absolute;
            height: 160px;
            width: 160px;
            top: -28px;
            left: -130px;
            border-radius: 160px;
            border: 1px solid #dddddd;
        }
        .radiusborder2{
            position: absolute;
            height: 160px;
            width: 160px;
            top: -28px;
```

```
        left: -10px;
        border-radius: 160px;
        border: 1px solid #dddddd;
    }
}
}
```
