iterator定义规范

```
let authors = {
    all:{
        a:['sad','fdf','sdfs'],
        b:['sd','lll','tyt'],
        c:['fg','gf','hjj']
    },
    address:[]
}
authors[Symbol.iterator]=function () {
    return{
        next(){
            return{
                value:1,
                done:false
            }
        }
    }
}
```
